## Website Support Program for Coalition Members

Your donations to the web sponsorship program help us maintain the Network website, and will make it possible for us to bring many planned improvements online in the months to come. ***This is a special donor recognition program exclusively for Coalition members.***

We offer two donation levels, and two forms of recognition for one or more of your homes:

### Premium Web Donor

Premium listing including your basic listing information, an embedded link to your own website, an email link for site visitors to contact you, distinct background color, larger font size and larger listing panel

\$395 per year for first home, \$225 per year for any additional homes after the first premium listing

### Web Sponsor

Upgrade your basic listing to add an embedded link to your own website

\$120 per year for first home, \$75 per year for any additional homes

Please complete this donor information, and information for each of your homes which will receive upgraded listings. If you need to list more than two homes, please use the back of this form for the additional information.

### DONOR INFORMATION
